Security Engineering Consultant

You wish to work in a reputable consultancy firm in physical security?

Good news! We are recruiting security engineering consultants to strengthen our team.

About Robrechts & Thienpont

Robrechts & Thienpont is the foundation of the R&T Group, "Trusted Security Architects". This fast-growing company specialises in security engineering and general security management. For many years it has been a fixed value in the field of security consulting in complex, high-risk environments - both for (inter)national companies and governments.

You get to know us best based on our values:

- ✔ **One team:** own employees and external consultants form one team with professional equality.
- ✔ **Integrity:** we strongly believe in honesty and reliability towards our customers and towards each other.
- ✔ **Envy:** work should be fun! That is why we invest in the satisfaction of our team.
- ✔ **Customer Intimacy:** as consultants we are close to our customers and we build a lasting relationship with them.
- ✔ **Natural:** we are always authentic, frank and transparent. "Made", we do not know.
- ✔ **Involved:** a co-responsibility for the values, vision and strategy of the company.

Function

To reinforce our European ambitions, we are recruiting 3 security engineering consultants.

In this position, you will be **responsible for the technical security specifications of electronic and architectural security measures**. For this, you will map the existing situation of the client. Then you document all necessary elements of the security concept.

In addition, you are **responsible for the monitoring and execution of various security projects**. You report the results to the project manager.

Your profile

- ✔ Master's degree (civil or industrial engineer) in electronics, electromechanics or architectural engineering
- ✔ Preferably several years of relevant professional experience in the field of physical security
- ✔ Excellent knowledge of Dutch, French and English
- ✔ In-depth knowledge of Microsoft Office
- ✔ Proactive and entrepreneurial
- ✔ Customer and quality oriented
- ✔ Authentic and honest
- ✔ Meticulous, analytical and structured
- ✔ With the necessary project management skills and organisational capacity
- ✔ Mature team player, who can work independently and likes to work in a small structure
- ✔ Eager to learn, committed and creative
- ✔ Willingness to develop in an international context

Are you in possession of a security clearance / recognition as a security advisor? Or have you taken a course in security systems design or another security-related course? Then you have an advantage when you apply.

What can we offer you?

- ✔ A contract of indefinite duration or a job as a self-employed person
- ✔ Stimulating projects that will fuel your work appetite
- ✔ Personal development through training and seminars
- ✔ Competitive remuneration, complemented by all kinds of benefits
- ✔ Possibility to work from home
- ✔ A flexible (but preferably full-time) schedule
- ✔ An open and dynamic corporate culture
- ✔ We pay attention to your work-life balance

Interested ?

Send your **CV and covering letter to Olivia Ernst (olivia.ernst@rtconsultancy.be)**. You can also contact her for any questions regarding this vacancy on +32 14 15 12 72.
